RoHS2 Directive 2011/65/EU Certificate of Compliance

Stearns Division believes that, as defined in section Article 2 (4) and Article 3 (3) and (4), Directive 2011/65/EU does not require its products to be certified as compliant. However, the products listed below do comply with the directive commonly referred to "RoHS2". The products below have been evaluated by Stearns and determined to contain none of or less than the maximum concentration values of the restricted substances by weight in homogenous materials permitted under the RoHS2 Directive, including:

- Lead 0.1%
- Mercury 0.1%
- Hexavalent Chromium 0.1%
- Polybrominated Biphenyls 0.1%
- Polybrominated Diphenyl Ethers 0.1%
- Cadmium 0.01%

Products:

- Solenoid Actuated Brakes (SABs)
 - Consult factory for brakes with brass or bronze stationary discs
- All Armature Actuated Brakes (AABs)
- All SINPAC Solid State Switches
- All Super-Mod Electrically Energized Clutch/Brake Modules

Sincerely,

Raymond A. Mazurek
Director Sales & Marketing
